RE: Update – Cable System Upgrade:

As a customer of the Town's cable and internet service, you may be aware that we have been having technical difficulties for some time now. In the summer, the Town committed to upgrade the system with the help of an outside contractor. Regretfully, we are having issues with the contractor. As we continue to work on this project, we are in the process of securing a new contractor to complete the upgrade.

Upon Administration's recommendation, Council has agreed to not charge current cable and internet service customers until further notice. Having said this, we will not be accepting new connections either until the service is restored to an acceptable level. As of December 19, those wishing to sign up for the Town's cable and internet service will be placed on a waitlist until such a time that the service is restored.

You will still receive your regular monthly bill as usual but showing \$0 charged for the month. Once the system is restored to an acceptable level, regular monthly charges will resume.

We thank-you for your continuing patience with this issue and for your commitment to our community.

If you have any questions regarding the cable and internet service please call the office at 780.956.3934.

Happy Retirement!

On December 1, 2016 the Town of Rainbow Lake's Receptionist, Bernice Welsh retired after working for the Town for 6 years. Her brilliant sense of humor and sassy spirit always brightened up the office. She will be missed by staff and council alike as she heads back home to Newfoundland and we wish her all the best in her retirement!
