# Home Road Repairs

With the recent flooding that we experienced due to the heavy rainfall, Home Road received some damage. We are going to be upgrading our storm water system in that area and we will be installing a culvert that can handle larger amounts of water. More information will be posted before construction is to commence. Once repairs are underway, please use caution in the area and obey all traffic signs.

# TOLKO and FireSmart

Over the next few weeks, TOLKO will be in and around town doing a timber assessment in preparation for tree removal. This is going hand in hand with our FireSmart program.

We will also be establishing a FireSmart committee to ensure everyone is aware of what is going on.

Please don't be alarmed if you see more activity in and around town

Any questions or concerns please don't hesitate to contact the Town Office at 780-956-3934

# Voyent Alert App

PAGE 7

This is just a reminder to anyone who hasn't downloaded the Voyent alert app yet on their phone. This app will allow the Town to send messages through the app directly to your phone in the event of an emergency. You can follow up to date information regarding the emergency situation and in the event that we need to evacuate it will let you know where to check in. This app will also let you mark your house as vacant in the event of an emergency so we can ensure the safety of all residents leaving town.

# Emergency Horn

Just a reminder that the emergency alert horn is blown daily at 6 pm Spring to Fall and 7 pm Fall to Spring. In the event of a real emergency, the horn will continue to sound every 30 seconds or so, and may be at different times of the day or night. Further instructions will follow by loud callers (bull horns), telephone (if available), cable/internet (if available), Alberta Public Warning System, and door to door to ensure that everyone in town has been notified (if the emergency allows for persons to be outside). The type of notice and the instructions given will be determined by the type of emergency. Please stay put at your residence/workplace until the Emergency Operations Centre has an opportunity to advise you of the type of emergency that has occurred and the appropriate actions to ensure that you and your family are safe.

# Cable Channels

With the recent thunderstorm and power outage we experienced, a piece of cable equipment at the head end has failed. This has resulted in some cable channels not working. We have put in the request for a new piece of equipment to be shipped out to us and we are hoping that it arrives soon. We apologize for the inconvenience and will update once the channels are back up and running

# Town Office Closed

The Town Office will be closed Thursday July 1, 2021 for Canada Day as Town staff will be working the event.

The Town Office will also be closed Friday July 2, 2021 in recognition of Canada Day and for Town employees working at the event.

The office will reopen Monday July 5, 2021 normal business hours.
