Minister Meet and Greet

On July 28, 2021, several provincial cabinet ministers met with members of Council from Rainbow Lake, High Level, Mackenzie County, and Paddle Prairie Metis Settlement to discuss some current challenges facing our region. Some topics of discussion included:

- The challenges facing rural law enforcement,
- The future of natural gas and renewable energies in Alberta,
- The Fort Vermilion Campground,
- Farming and the protection of wildlife in Alberta's North, and
- The importance of fostering close relationships with First Nations and Métis communities within the province.

On behalf of Council and staff at the Town of Rainbow Lake, we would like to send out a thank you to all the ministers for taking some time to meet with everyone and providing the opportunity to speak with them about these important matters impacting our region.

Meeting with Minister McIver

On Tuesday August 10, 2021 Minister Richard (Ric) McIver toured the Mackenzie County region and stopped by Rainbow Lake to see what our community has to offer. The meeting started with Minister McIver meeting with Mayor, Michelle Farris and CAO, Dan Fletcher, to discuss the operations and future of the Town.

The next portion of the meeting was a tour of the Cenovus Energy Plant. We would like to send out a huge thank you to Chris Ukrainetz and Alana Thede for setting up the tour of the plant and showing everyone around. Minister McIver said he really appreciated the opportunity to have an inside look at the plant and gave him a better idea as to what we do here in Rainbow Lake. Overall the meeting/tour was a success!! Rainbow Lake is no longer just a name on a map to minister McIver, but a place that he will remember (just look at the smiles!!) for years to come.

Devonian Park

As many of you have probably seen, there has been some work going on in Devonian Park these past few weeks. We are excited to announce that Devonian Park will be getting the makeover that it so desperately needs!! The plan is to build a walking trail around the whole park, have a big circular pad that will have a large pit in the center surrounded by benches. The fire pit will be used for events such as winter carnival, tree lighting, ect... The gazebo that is currently located to the side of the Rec Plex will be brought over and will also have a rubber pad out front to accommodate more space. Next year, the plan is to build a splash park that will be built in the corner for all to enjoy, as well as a dog park that will be located where Candy's Kutz is located. It is exciting to see the progress that has already been accomplished. We also want to send out a huge shout to Donny D'Aoust and his crew for doing such a great job with the project, Devonian park is looking great!!
